**Subject:** Phishing Alert: YOUR MAILBOX QUOTA HAS BEEN EXCEEDED

Hello CNRE,

I wanted to make everyone aware of the following email that has been making its rounds on campus. It is most definitely a phishing email and should be deleted. In case of accidental clicking I have changed the link in this message so that it doesn't go to the "bad" place. I would like to take this opportunity to remind people that if you receive a suspicious email you should first check out our list of known phishing emails on our website ([www.it.cnre.vt.edu](http://www.it.cnre.vt.edu)). If it's there then you know but if it's not please [contact us](#) to find out. If it turns out to be a phishing email then we will add it to our list for the next person to see. Thanks. Lon.

**Subject:** YOUR MAILBOX QUOTA HAS BEEN EXCEEDED

Your mailbox quota has exceeded the set Quota/Limit which is 20GB. You are currently running on 23GB due to hidden files and folder on your mailbox. Please click the Link below to validate your mailbox and increase your quota.

<http://7ahx6.9hz.co/>

Failure to click this link and validate your quota may result in loss of important information in your mailbox/or cause limited access to it.

Thanks  
Helpdesk
